Hello

I build, mentor, and lead creative teams through promoting design thinking, continuous process development, and team inclusion. I specialize in human-centric product development from research to concept to actualization. I craft “big idea” advertising campaigns across digital, print, and event marketing.

Originate · Director of Design · June 2018 - Present

- Managed, accessed performance, provided career guidance, and strengthened Originate’s distributed team of designers
- Fostered a culture of innovation and design thinking while elevating design across the company and for our partners
- Improved engagement focus by reshaping team structure, documenting best practices, and forming engagement guidelines
- Provided directional oversight, pitch & proposal creation, and design focused partner relationship management

Expa · Advisor · April 2018 - Present

- Providing design, product, and creative leadership guidance to Expa’s startup portfolio

Getaround · Creative Director · July 2013 - August 2017

- Built and led the creative team, supporting product, growth, marketing, and culture efforts through visual design, user research, testing, messaging, sourcing, and production across print, web, mobile, wearable, and motion projects
- Launched five apps on six platforms and expanded Getaround to ten markets and over 500k users
- Worked with the leadership team to establish road maps, quarterly goals, and resource needs
- Launched product and growth partner programs with Uber, Toyota, Samsung, Audi, and Apple
- Directed multiple outdoor and digital ad campaigns in Boston, Chicago, San Francisco, and Washington D.C.
- Built a living design system establishing best practices and management of design assets across teams
- Revamped project management process for Creative, Marketing, and Culture teams
- Built and launched web CMS (Webflow) for marketing, press, and legal pages

Getaround · Product Design Manager · June 2011 - July 2013

- Launched Instant Rentals product, first in peer-to-peer car rental space, becoming 90% of business in three months
- Launched complex check-out product with cross-platform fraud check reducing vehicle theft and damage by 80%
- Launched internal suite of customer support and fleet management tools to track calls, users, cars, and rentals
- Designed the initial Getaround app, winner of TechCrunch Disrupt 2011

nü · Design Consultancy · Founder/Principal Designer · 2007 - 2011

- Built and led a distributed team of freelance designers focusing on product, identity, and marketing projects
- Established new clients, translated client needs, and managed projects
